

SR1-SHR-1500GM

SR1-SHR-1500GM Glass mount kit for SR1-SHR-1500 series of shear maglocks

**Description**

This kit consists of two "saddles" and fixings for fitting to the top of the glass door and to the glass frame to provide a suitable surface for installation of a surface-mount kit that will hold the lock and armature-plate (lock, armature-plate and surface-mount kit not included).

**Please note:** this kit facilitates affixing to the glass surfaces only - you will still require a surface-mounting kit to accommodate the lock & armature-plate that in turn is fitted to the glass-mounted saddles. A suitable surface-mount kit is the SR1-SHR-1500SH available from Smart R.

- Adjustable from 14mm down to 10mm
- Satin anodised aluminium (SAA) finish
- Dimensions: 182mm x 48mm
