

P-300-H

Farpointe Data P-300-H Cascade Reader for Pyramid proximity credentials, Smart R Max Secure keys (standard keys also available) & certain HID proximity & compatible credentials

Description

The Farpointe Data P300-H reader can read Pyramid series cards **AND** HID Prox technology cards. It combines multiple configuration options with an attractive, inconspicuous design and economical price.

- Slim and compact, low cost reader, 3.2 x 1.7 x 0.7 inches (80 x 43 x 17 mm)
- Read range of up to 6 inches (150mm).
- Operates on 5-16VDC
- P-300-H is supplied with **BOTH** black and off-white covers as standard to allow you to select the best finish at the time of installation
- Programmable beeper and multi-colour LED which can be host and / or locally controlled
- Potted construction makes it suitable for indoor or outdoor use
- 45 cm pigtail cable as standard
- Designed for mounting directly onto metal with no change in read range performance
- Simplified mounting using slots rather than holes to make levelling adjustments
- Available with either Wiegand or Clock-and-Data (magnetic-stripe data) output
