A-FOB-M1 A-FOB-M1K MIFARE Classic keyfob – 1K memory

Description

The Authenticard "A-FOB" is an attractively chunky, robust keyfob which can also be worn as a pendant or affixed to articles which require electronic identification. Also available in a choice of frequency and technology to work with 125KHz industry standard proximity readers, and 13.56MHz contactless smart card technologies including MIFARE 1K and 4K, DESFire and Legic.
