AES-603-ABK
AES 603-ABK: Single Button Wireless Audio Architectural Intercom Kit with Keypad

Description

The AES 603-ABK is a premium single-button wireless audio intercom system that integrates a high-capacity keypad for access control. Featuring an exceptional open field range of up to 400 meters, this kit eliminates the need for expensive cabling runs, offering a streamlined solution for gate and door access installations.

Key Details:

- Up to 400 metres open field range
- Working range of 200 metres through 1 exterior concrete, brick or stone wall
- Up to 4 handsets / indoor units per system
- Voicemail feature to record missed callers at your door or gate (playback from handset)
- Intercall between handsets
