INT-04-0107
Intratone 04-0107 – Compact and Secure Mini Coded Keypad

Description

The Intratone 04-0107 is a compact and robust mini coded keypad designed for secure access control. This surface-mounted keypad offers convenient keyless entry and integrates seamlessly with Intratone's online management system for real-time control.

Key Features:

- **Compact Design:** Space-saving design for installation in tight spaces.
- **Durable Zamac Finish:** Provides a robust and vandal-resistant housing.
- **Backlit Keypad:** Ensures visibility in low-light conditions.
- **80 Programmable Codes:** Supports multiple users with unique access codes.
- **Real-Time Management:** Integrates with the Intratone online management system for remote control.
- **Free Access Time Slots:** Allows for scheduled access control.
- **Indoor and Outdoor Use:** Designed to withstand various environmental conditions.
- **Easy Installation:** Surface-mounted design simplifies installation.
