

SR-627-8-ACT

SR627-8-ACT: Housed Power Supply For Up To 8 x ACTpro Controllers (with cable management and fittings)

**Description**

The Smart R SR627-8-ACT is a comprehensive and customised power supply designed to power up to 8 ACTpro boards. This kit includes a high-quality and highly efficient switched-mode power supply, cable management, and magnetic mounting accessories, ensuring a clean and efficient installation.

**Key Features:**

- **Reliable Power Supply:** The 2 x power supplies provides stable and reliable power to your ACTpro's (up to 8 x supported within housing).
- **Flexible Cable Management:** The included cable management system helps keep your installation organised and tidy.
- **Easy Installation:** The magnetic mounting system allows for quick and easy installation of additional ACTpro boards, without the need for drilling.
- **Robust Construction:** Durable and reliable components for long-lasting performance.
- **Secure and Compliant:** Meets industry standards and provides tamper-resistant features.

This power supply kit offers a complete solution for powering your ACTpro system, simplifying installation and ensuring optimal performance.
