8830-000 Safetrust SA220 Sabre Module

#### Description

The SABRE MODULE is a low-cost, 30-second upgrade that brings fast touchless mobile credentials, supplier-neutral MIFARE DESFire™, WiFi, and OSDP features to HID iCLASS SE™ and MultiCLASS SE™ readers. With a simple plug-in installation that requires no re-wiring, the SABRE MODULE delivers enterprise-grade security with leading touchless mobile access technology and support for MIFARE DESFire EV2 and EV3 credentials from any credential supplier. The SABRE MODULE also upgrades the host reader into a full IoT connected sensor, providing active scanning of BLE-enabled devices, with additional support for Thread and Zigbee. iCLASS SE and multiCLASS SE are the trademarks or registered trademarks of HID Global, ASSA ABLOY AB, or its affiliate(s) in the US and other countries. MIFARE DESFire is a registered trademark of NXP B.V.
