

STI-13120EG

STI-13120EG – Universal Stopper With Tamper Deterrent Alarm

Description

The STI-13120EG Universal Stopper With Tamper Deterrent Alarm is a reliable and effective solution for protecting various devices from damage and vandalism. With its durable construction, deterrent alarm, and versatile design, this stopper is an ideal choice for enhancing security and preventing unauthorised access.

Key Features:

- **Universal Compatibility:** Protects a wide range of devices without hindering their operation.
- **Durable Construction:** Polycarbonate housing withstands harsh conditions and impacts.
- **Deterrent Alarm:** 96 dB sounder draws attention to potential tampering.
- **Weatherproof Design:** Suitable for both indoor and outdoor use.
- **Easy Installation:** Simple 4-fixing installation for quick and easy setup.
