Fermax CITYMAX Audio Door Entry System Kits

Description

Fermax CITYMAX audio door entry system kits offer a dependable and user-friendly solution for access control and communication in various building types. With their clear audio functionality, multiple kit options, and easy installation process, CITYMAX systems provide a cost-effective way to enhance security and convenience for residents, tenants, or staff.

Kit Components:

- **City Classic Door Entry Panel:** This sleek and stylish panel features a convex curved profile and is constructed from weather-resistant anodized aluminum for durability.
- **Citymax Indoor Handset:** The classic and versatile Citymax handsets provide clear two-way communication and a user-friendly interface. Constructed from white ABS plastic with a textured finish, they are easy to clean and maintain.

Available in 1, 2, 3, 4, 6 and 10-way kits - please select your choice when placing your order. If you need more than 10 handsets then do contact us - CITYMAX can go up to 24 handsets!
