Signo40K
HID Signo Model 40K Wallswitch Reader with Keypad

Description

HID Signo readers are available in four base models – 20, 20K, 40 and 40K. The HID Signo 40K Keypad Reader is a founding member of the Signo platform. Offering a truly dynamic approach to secure electronic access control, HID Signo Readers are designed to be highly versatile, powerful, and connected for the future. A perfect fit for door applications requiring a wallswitch-style card reader with integral keypad, the HID Signo 40K Keypad Reader supports a range of different credential technologies including mobile access – please select your choice when ordering. If you need assistance in identifying the correct option for your application then please contact us! Signo Model 40K is available in the following configurations (please select when ordering) :
