

COM-2702W  
Comelit 2702W Door Entry Phone With 2 Buttons

**Description**

**2-BUTTON MINI DOOR-ENTRY PHONE, TRADITIONAL PRODUCT  
CODE: 2702W**

The Comelit 2702W Door Entry Phone with 2 button, one electronic call button and another key button for operating the lock. It is a popular choice for door entry applications due to its small size, ease of use, and competitive price.

The 2702W has a number of features that make it a stand-out door entry phone, including:

- **Compact and stylish design:** The 2702W is a compact and stylish door entry phone that can be mounted on any wall surface. It is available in white and black to match any décor.
- **Easy to use:** The intercom handset has two large and clearly labelled buttons that make it easy to use, even for people with vision impairments.
- **Adjustable call volume:** You can set it to a level that is comfortable for you.
- **Privacy mode:** Enables users to disable the call signal so that you are not disturbed.
- **2-wire connection:** The 2702W is easy to install and connect. It is powered by the door entry system, so there is no need for a separate power supply. Simply connect the Comelit 2702W to the door entry system using two wires, and it is ready to use.
