Comelit 2703U – 2-Button Universal Intercom Handset

Description

Comelit-PAC 2703U 2-Button Mini Universal Handset PRODUCT
CODE: 2703U

The Comelit 2703U is a 2-button mini door entry phone with universal compatibility, meaning that it can be used with any door entry system that uses a 2-wire connection. This makes it compatible with most of the door-entry phones that are produced by leading manufacturers, making it an ideal replacement door entry phone.

The Comelit 2703U has a number of features that make it a popular choice for door entry applications, including:

- Universal compatibility: The 2703U can be used with any door entry system that uses a 2-wire connection. This makes it a great choice for new installations and replacements.
- Small size: The 2703U is a compact and stylish door entry phone that can be mounted on any wall surface.
- Easy to use: The 2703U has two large and clearly labeled buttons that make it easy to use, even for people with vision impairments.
- Adjustable call volume: The 2703U has an adjustable call volume so that you can set it to a level that is comfortable for you.
- Privacy mode: The 2703U has a privacy mode that disables the call signal so that you are not disturbed.
