COM-HUB32LCD
Comelit HUB32LCD Secur HUB 32-Zone Wireless Intruder Alarm Control Panel

Description

Comelit HUB32LCD: SecurHUB Wireless Intruder Alarm Control Panel

The Comelit HUB32LCD SecurHUB wireless intruder alarm control panel that offers comprehensive security monitoring for your premises. With its ability to oversee up to 32 wireless zones, expandable to 96, and its integrated Wi-Fi, LAN, and optional 2G and 4G modules, the HUB32LCD provides seamless communication and control.

The HUB32LCD also prioritises user management, with the ability to handle up to 32 users and 32 two-way radio controls across 4 areas. Installation flexibility is ensured with two backplates and an optional desk base. User convenience and discretion are also paramount, with an adjustable backlighting keypad and built-in speaker and microphone for two-way audio communication.

With two outputs and two wired inputs directly on the backplate, and compatibility with Mycomelit device management, the HUB32LCD is a thoughtfully designed and robust security solution for your property.
