

ACT365-ACU-2P
Vanderbilt ACT365-ACU-2P Single Door Cloud IP Controller with 12Vdc 2A Power Supply Unit

Description

Elevate your access control solutions with the Vanderbilt ACT365-ACU-2P, a powerful single-door cloud IP controller designed for seamless integration with the ACT365 cloud platform. This versatile solution empowers security professionals and installers to manage physical security efficiently, from individual sites to multi-door facilities.

Key Features:

- **Cloud-based management:** Leverage the ACT365 cloud service for remote access, real-time monitoring, and user management
- **Simplified installation:** Includes a 2A 12V DC power supply and space for a backup battery for hassle-free setup
- **Advanced access control:** Manage up to 10,000 cardholders, 4 credentials per user, and 250 cardholder groups
- **Enhanced security:** Features door monitoring, fire alarm override, voltage monitoring, and tamper detection for comprehensive protection (**Keywords:** Door monitoring, fire alarm override, voltage monitoring, tamper detection).
- **Flexible connectivity:** Supports multiple entry/exit readers, ACTpro readers, Wiegand readers, and offers 2 Ethernet ports for network integration (**Keywords:** Entry/exit readers, ACTpro readers, Wiegand readers, Ethernet ports).
- **Robust construction:** Built with durable ABS enclosure for reliable performance in various environments (-10°C to +55°C)

Product Specifications

Weight	1140 kg
Brand	ACRE
Access-control-system-type	Cloud
Power-requirement	12-24 VDC
Operating-temperature	-10°C to 55°C
Mounting	Surface Mount
Construction	ABS
