

ANO-L6022R
Hanwha ANO-L6022R A Series 2MP Infrared Bullet Camera

Description

The Hanwha ANO-L6022R offers a comprehensive security solution in a compact and affordable package. Forming part of their budget conscious A Series, this 2MP infrared bullet camera delivers clear visuals, advanced features, and easy installation, making it ideal for various security applications in both indoor and outdoor environments.

Key Features:

- **High-definition video:** Capture clear 2MP (1920 x 1080) resolution footage for accurate identification.
- **Superior night vision:** See clearly in darkness with a built-in infrared illuminator effective up to 30 metres.
- **Smooth recording:** Enjoy smooth 30fps video at all resolutions (H.265/H.264) for seamless playback.
- **Efficient compression:** Benefit from H.265/H.264 and MJPEG codec options for optimised storage and bandwidth usage.
- **Exceptional image quality:** Wide Dynamic Range (WDR) ensures clear images even in high-contrast lighting conditions.
- **Advanced analytics:** Built-in features include defocus detection, directional detection, motion detection, enter/exit detection, and tampering alerts for comprehensive security.
- **Expandable storage:** Micro SD/SDHC card slot accepts up to 32GB for local storage.
- **Power over Ethernet (PoE):** Simplifies installation with a single cable for both power and data.
- **Ideal for hallways:** Hallway view allows for efficient monitoring of narrow spaces with 90°, 180°, and 270° rotation options.
- **Built to last:** Weatherproof with an IP66 rating.
