#### COM-AC6711 Comelit AC6711 Logos Monitor Adapter Frame

#### Description

The Comelit AC6711 Logos Monitor Adapter Frame is a practical solution for upgrading your door entry system with a Logos series monitor. This adapter frame simplifies the installation process, ensures a perfect fit, and contributes to a professional aesthetic finish.

### **Key Features:**

- Compatibility: Designed for seamless integration with Logos series door entry monitors.
- Upgrade Solution: Facilitates a smooth transition when replacing monitors from previous series.
- Fine-Tuning for Mounting: Allows for precise adjustments during the installation process for a flawless finish.
- Durable Construction: Made from high-quality materials for longlasting performance.
