DH-ARA12-W2(868)
Dahua ARA12-W2(868) AirShield Wireless Internal Siren

Description

The Dahua ARA12-W2(868) AirShield Wireless Internal Siren is a valuable addition to any home or business security system. This wireless siren offers convenient installation, a loud alarm for deterrence, and reliable performance with features like signal strength detection and automatic updates. With its ease of use and effectiveness, this internal siren provides an extra layer of security and peace of mind.

Key Features:

- **Wireless Connectivity:** Offers a convenient and hassle-free installation process without complex wiring.
- **Loud Alarm:** Emmits a powerful sound to deter potential intruders and alert occupants during an alarm event.
- **Signal Strength Detection:** Monitors the signal strength between the siren and the hub for optimal performance.
- **Low Battery Alarm:** Provides timely notification when the siren's battery needs replacement.
- **Temperature Measurement:** Monitors the operating temperature for reliable performance and potential maintenance needs.
- **Frequency Hopping and Two-Way Communication:** Ensures stable and secure communication between the siren and the alarm hub.
- **Cloud Updates and Automatic Recovery:** Benefits from automatic firmware updates through the cloud and automatic recovery from failed updates for a smooth user experience.
