

DHI-ARD1731-W2(868)
Dahua DHI-ARD1731-W2(868) AirShield PIR Camera

Description

The Dahua DHI-ARD1731-W2(868) AirShield PIR Camera is a valuable addition to any security system seeking advanced intrusion detection with visual verification. This innovative camera offers high-resolution image capture, reliable communication, and temporary cloud storage for video and image data. With its PIR detection, privacy protection, and user-friendly features, this PIR camera provides a comprehensive security solution for peace of mind.

Key Features:

- **Built-in 2 MP CMOS Image Sensor:** Captures high-resolution (1600 x 1200) snapshots upon detecting intrusion attempts.
- **PIR Motion Detection:** Accurately detects human movement within the designated area, triggering image capture and alarm notification.
- **Visual Alarm Verification:** Provides clear image evidence for confirmed alarms, allowing for informed response and improved security measures.
- **2.4G RF-HD Transmission:** Ensures fast and reliable transmission of high-definition images to the alarm hub.
- **One-Week Cloud Cache:** Provides temporary storage of video and image data for easy access and review.
- **Temperature Monitoring:** Monitors its operating temperature for potential maintenance needs.
- **Frequency Hopping and Two-Way Communication:** Guarantees secure and reliable communication between the camera and the alarm hub.
- **Cloud Updates and Automatic Recovery:** Benefits from automatic firmware updates through the cloud and automatic recovery from failed updates for a smooth user experience.
- **Privacy Protection:** The camera only captures images during alarm events, safeguarding your privacy.
