

DHI-HY-SA21A-W2(868)

Dahua DHI-HY-SA21A-W2(868) AirShield Wireless Smoke Alarm

Description

The Dahua DHI-HY-SA21A-W2(868) AirShield Wireless Smoke Alarm is an essential addition to any home security plan. This battery-powered smoke alarm offers advanced detection technology, user-friendly features, and mobile app integration for comprehensive fire safety. With its wireless design, low power consumption, and reliable performance, this smoke alarm provides peace of mind knowing your home is protected.

Key Features:

- **Wireless Design:** Provides a simple and flexible installation process without complex wiring.
- **Battery-Powered Operation:** Eliminates the need for a mains electricity connection, offering placement versatility.
- **Split-Spectrum Sensor Technology:** Offers advanced smoke detection with high accuracy and reduced false alarms.
- **Test and Silence Function:** Combined single button simplifies testing and silencing of the alarm for user convenience.
- **Loud Alarm Sound:** Features a powerful siren exceeding 85 dB(A) at 3 meters, ensuring a clear and audible warning signal.
- **Low Power Consumption:** Designed for extended battery life for reliable performance.
- **Surface-Mount Design:** Allows for easy installation on walls or ceilings.
- **Low Battery Warning:** Provides timely notification when the battery needs replacement.
- **Real-Time Mobile App Notification:** Receive instant alerts on your Dahua DMSS mobile app in case of smoke detection.
