

SPC-Y910.000

Acre SPCY910.000 – Mounting Kit for SPCN910

**Description**

The Acre SPCY910.000 Mounting Kit is an essential component for security professionals working with Acre Intrusion G2 cabinets. It offers a simple solution to ensure proper installation and functionality of specific third-party communication devices that require extra space.

By utilising the SPCY910.000, you can guarantee seamless integration and maintain the integrity of your Acre intrusion system.

**Key Features**

- **Compatibility:** Seamlessly integrates with the SPC Communication Interface Module within the Acre Intrusion G2 cabinet.
- **Increased Space:** Provides additional clearance for specific third-party communication devices that might not fit within the standard cabinet depth.
- **Genuine Acre Accessory:** Designed and manufactured by Acre to ensure compatibility and optimal performance with your Acre intrusion system.
