

SPC-WSIR-EXT-VP

Acre WSIR-EXT – Wireless Outdoor Siren For SPC Intrusion System (Choice Of Colours)

Description

The Acre WSIR-EXT Wireless Outdoor Siren is a premium security solution that combines exceptional performance, versatile features, and a user-friendly design. By offering a choice of colours, powerful deterrence, and remote configuration, this siren empowers security professionals to create comprehensive and aesthetically pleasing security systems for their clients.

Key Features:

- **Wireless Design:** Simplifies installation and eliminates the need for complex wiring.
- **Choice of Colours:** Available in **Blue**, **Orange**, and **Red** to complement various architectural styles.
- **Dual Deterrence:** Features a powerful siren and a bright LED beacon for effective audio-visual alerts.
- **Independent Control:** The SPC panel allows independent control of the siren and beacon for customised operation.
- **Class-Leading Security:** Wall tamper protection and EN Grade 2 approval ensure superior security and reliability.
- **Selectable Volume:** Choose from four volume levels to suit the specific needs of your installation.
- **Long Battery Life:** Delivers up to 3 years of operation with high-performance lithium batteries and APS (Automatic Power Save) technology. External power supply can extend battery life to 5 years.
- **Extended Range:** Up to 500m range in open space allows a single transceiver to cover most installations.
- **Simple Installation:** Easy to mount with multiple fixing holes, level indication, and a lightweight design.
- **Effortless Pairing:** Smart pairing mechanism ensures quick and secure connection with the SPC transceiver.
- **Remote Configuration:** Configure the siren's settings remotely "over the air" through the SPC panel for maximum convenience.

Options:

- WSIR-EXT-O - Wireless ext. bell orange
- WSIR-EXT-B - Wireless external bell blue
- WSIR-EXT-R - Wireless external bell red
