

AIP-WPIR-CRT
Acre WPIR-CRT – Wireless Curtain PIR Detector

Description

The Acre WPIR-CRT is a high-performance wireless curtain PIR detector designed to provide exceptional protection for doorways, windows, and other openings within your security systems. This innovative solution seamlessly integrates with the SPC panel, offering a 6-degree detection angle and a 12-meter range to create a virtual security curtain for enhanced perimeter security.

Key Features:

- **Curtain Detection:** Provides a focused 6-degree detection zone ideal for securing doorways, windows, and other openings.
- **Extensive Detection Range:** Covers a wide area with a 12-meter detection zone for comprehensive protection.
- **Adjustable Settings:** Firmware configuration allows for customization of sensitivity, pulse count, supervision time, and LED behaviour to optimise performance for various environments.
- **EN Grade 2 Approved:** Meets industry standards for reliable operation and robust security.
- **Long Battery Life:** Up to 5 years of operation with a high-performance lithium battery for lasting performance.
- **Extended Range:** Communicates reliably with the SPC transceiver over a long-range open-air distance of up to 500m.
- **Simplified Installation:** Easy to mount for quick and hassle-free setup.
