

PO-C20

Acre PO-C20 – Curtain Lens Set For PDM-I12 (4pcs)

Description

The Acre PO-C20 curtain lens set provides a powerful solution for extending the detection zone of your Acre PDM-I12 Magic PIR detector. This set includes four (4) specialized lenses designed to create a long-range, curtain-like detection pattern, ideal for securing doorways, hallways, and other entry points.

Key Features:

- **Curtain Detection Pattern:** The PO-C20 lenses create a 20-meter extended detection zone along a designated area, perfect for doorways, hallways, or large open spaces.
- **Overlapping Coverage Zones:** Multiple PO-C20 sets can be combined to create a continuous, overlapping detection field, eliminating coverage gaps and ensuring comprehensive security.
- **Seamless Integration:** Designed specifically for the [Acre PDM-I12](#) Magic PIR detector, ensuring a perfect fit and optimal performance.
- **Enhanced Perimeter Security:** Extend your security reach and deter potential
