

SPC-P432+ VR20M-MF Kit
Acre Kit SPCP432 + VR20M-MF – Mifare Reader And Expander Kit

Description

The Acre Kit SPCP432 + VR20M-MF offers a comprehensive and user-friendly solution for expanding your Acre intrusion system. This feature-rich kit combines advanced power management, access control functionalities, and a modern Mifare reader, providing a cost-effective and secure approach to your Acre Intrusion system.

Kit Includes:

- **SPCP432.300 Smart Power Supply Expander:**
 - Monitored 1.2A power supply with a tamper-protected metal housing.
 - Supports advanced door control for up-to 2 entry doors or 1 entry/exit door.
 - Provides configurable inputs and outputs for versatile system integration.
 - Integrates user access management with system logic functions.
 - Offers optional audio/video verification capability (additional equipment required).
 - Accommodates one optional 7Ah battery for backup power (battery not included).
- **VR20M-MF NGCR Mifare EV1 Mullion Reader:**
 - Reads Mifare Classic cards for secure user authentication.
 - Modern design with a black or matte chrome finish.
 - Multicolour LED light frame provides clear access status indication.
 - Automatic dimming function adjusts brightness for optimal visibility.
 - Supports OSDP or Wiegand communication protocols for flexible system integration.
 - Built with durable materials for long-lasting performance (IK08 rated).
