KFS-PA4S

PA4S: Grade 3 Personal Alarm Button with Selectable Resistors – Black and Stainless Steel

Description

The PA4S is a stylish and robust Grade 3 personal alarm button, designed to provide reliable security in a compact and elegant package. Its sleek black plastic and stainless steel design make it perfect for both residential and commercial settings.

Key Features:

- Grade 3 Security: Meets the highest industry standards for security and reliability.
- Electronic Confirmation: Requires two separate actions to confirm an alarm, reducing the risk of accidental activation.
- 4-Button Design: Offers flexibility in button configuration to suit your specific needs.
- Selectable Resistors: Compatible with a wide range of control panels, including major UK and international brands.
- Tamper-Proof Design: Detects and alerts you to any attempts to tamper with the device.
- Clear LED Indicators: Visually confirms button presses and alarm status
- Durable Construction: Built to withstand harsh environments.
- Stylish Design: Sleek black plastic and stainless steel finish.
- PD6662:2017 Compliant: Ensures compliance with the latest industry standards.

Note: REQUIRES 12V pOWER SUPPLY AND 2 ZONES
