

KFS-PA2ESR

Knight Fire & Security PA2ESR: Double Push Panic Button with Integral Resistors

Description

The Knight Fire & Security PA2ESR is a robust Grade 3 panic button, designed to provide reliable security for your home or business. Its sleek stainless steel fascia and sturdy construction ensure long-lasting performance, even in demanding environments.

Key Features:

- **Grade 3 Security:** Meets the highest industry standards for security and reliability.
- **Double Push Activation:** Requires two distinct actions to trigger an alarm, minimising accidental activation.
- **Integral Resistors:** Compatible with a wide range of control panels, including Honeywell, Ademco, Scantronic, Menvier, Texecom, Pyronix, HKC, Castle, Aritech, DSC, RISCO / Gardtec, Inner Range, and Guardall.
- **Tamper-Proof Design:** Detects and alerts you to any attempts to tamper with the device.
- **Durable Construction:** Stainless steel fascia and robust ABS housing.
- **Easy Installation:** Simple to install and configure.
