

KFS-A41MULTI
Knight Fire & Security A41MULTI – Grade 2 Flush Contact for Double Doors with EOL Resistors and Tamper

Description

The Knight Fire & Security A41MULTI is a reliable Grade 2 flush contact, designed for use with double doors. Its versatile design and integral tamper switch offer enhanced security.

Key Features:

- **Grade 2 Security:** Meets industry standards for security and reliability.
- **Flush Mount Design:** Sleek and discreet installation.
- **Double Door Compatibility:** Ideal for applications requiring two-point contact.
- **Integral Tamper Switch:** Detects and alerts you to any attempts to tamper with the device.
- **EOL Resistor Options:** 1k, 2k2, 4k1, 4k7, 5k6, 10k. Compatible with various control panels.
- **Easy Installation:** Simple to install and configure.
