EAT-EXP-R10
Eaton EXP-R10 – 10-Zone Wireless Expander – Grade 2

Description

The Eaton EXP-R10 is a versatile 10-zone wireless expander designed to enhance the capabilities of your security system. This Grade 2 compliant device offers a wireless solution to expand your system's reach and flexibility. By adding the Eaton EXP-R10, you can extend the coverage of your security system to areas that may be difficult or inconvenient to wire. This wireless expander provides a cost-effective and efficient solution for expanding your security system's capabilities.

Key Features:

- **Wireless Expansion:** Easily add 10 additional zones to your existing security system.
- **Grade 2 Compliance:** Meets rigorous industry standards for security and reliability.
- **Compact Design:** Sleek and unobtrusive design for easy installation.
- **Reliable Performance:** Ensures consistent and dependable operation.
- **Simple Configuration:** Easy to set up and integrate into your security system.

This Product Is Being Retired. Please See The Scantronic EXP-2R
