### **BAS-BI-VP** BAS-IP BI-Series – Multi-Button Video Entrance Panel for 2 to 12-Users

#### Description

The BAS-IP BI-Series Multi-Button Video Entrance Panel is a stylish and sophisticated access control solution designed for residential and commercial buildings. Available in a range of elegant colours including gold, silver, and black, this panel seamlessly integrates into any architectural style.

#### **Key Features:**

- Multi-Button Design: Supports multiple residents, offering convenient access control for larger properties.
- High-Definition Video: Equipped with a wide-angle camera and high-resolution video capture for clear identification.
- Versatile Access Control: Supports a variety of access methods, including face recognition, QR codes, PIN codes, access cards, and mobile apps.
- Advanced Functionality: Offers features such as concierge calls, call melodies, and customizable settings for enhanced user experience.
- Robust Construction: Built with durable materials and designed to withstand harsh weather conditions.
- Easy Installation: Simple and straightforward installation process.
- Customisable Aesthetics: Available in a range of colours (Black, Silver, or Gold) to match your building's design.
