

KFS-F10A

Knight Fire & Security F10A – Grade 2 4-Wire Roller Shutter Contact (Single Reed)

Description

The Knight Fire & Security F10A is a Grade 2 roller shutter contact featuring a single reed switch, 4-wire connection, and 500mm armoured sleeving for enhanced cable protection. Designed for outdoor sheltered environments, this durable aluminium contact offers a 50mm operating gap, making it ideal for commercial and industrial security applications.

Key Features:

- **Grade 2 Security Compliance** – Meets **EN50131-2-6** for professional alarm systems.
- **Single Reed Contact** – Ensures **accurate detection** for roller shutter doors.
- **500mm Armoured Sleeving** – Protects cables from **damage and tampering**.
- **4-Wire Setup** – Includes **2 alarm wires and 2 tamper wires** for enhanced security monitoring.
- **Durable Aluminium Construction** – Corrosion-resistant for long-lasting performance.
- **Environmental Class III** – Suitable for outdoor sheltered installations.
- **50mm Operating Gap** – Allows for **flexible yet secure activation**.
- **Engineer Installation Note** – Ensure the **arrow on the magnet** lines up with the **dot on the contact housing** for optimal performance.
