

KFS-XA41MULTI-VP

Knight Fire & Security XA41MULTI – Grade 3 Quickfit Flush Contact with Resistors

Description

The Knight Fire & Security XA41MULTI is a Grade 3 quickfit flush contact with multi-resistor compatibility for all major UK panels. Designed for double doors, it features a tamper microswitch, 4-terminal block, and easy resistor selection via PCB jumpers. EN50131-2-6 compliant, this versatile contact is ideal for shared zones, series wiring, or standalone installations.

Key Features:

- **Grade 3 Security Compliance** – Certified to **EN50131-2-6**, making it **suitable for high-risk installations**.
- **Quickfit Flush Contact** – **20mm diameter body** with a **30mm depth** for **easy installation**.
- **Double-Door Compatibility** – Designed for **shared zones, series wiring, and standalone installations**.
- **4-Terminal Block Design** – **Secure wiring connections** for **efficient installation**.
- **Multi-Resistor Selection via PCB Jumpers** – Compatible with major UK control panels, including:
 - **Honeywell, Ademco, Orisec, Scantronic, Guardtec/ RISCO, Menvier, HKC, Siemens, Europlex, Guardall, DSC, Texecom, Pyronix, Castle, PACOM Control, Inner Range Panels.**
- **Tamper Protection** – Features a **TACT microswitch tamper** for **enhanced security**.
- **14mm Operating Gap** – **Reliable detection** while preventing false alarms.
