

SS-HDD-2

Seagate Skyhawk – 2TB Hard Disc – Optimised Storage for Surveillance

**Description**

The Seagate SkyHawk 2TB hard disc is a cutting-edge storage solution specifically engineered for the demanding 24/7 video recording environments of modern surveillance systems. This robust drive offers exceptional reliability, efficient power consumption, and advanced features to ensure seamless and scalable surveillance setups.

Whether you're upgrading an existing CCTV system or building a new one, the 2tb hard drive by Seagate SkyHawk, offers unmatched reliability for critical surveillance footage. Its smart firmware, robust architecture, and high-capacity performance make it the ideal choice for both small and large-scale security operations.

**Key Features:**

- **2TB Storage Capacity:** The 2TB Hard Disc provides ample storage for extensive surveillance footage.
- **Optimised for 24/7 Operation:** Designed for continuous recording workloads.
- **High Workload Rate (180TB/Year):** Handles data-intensive surveillance applications with ease.
- **Supports Up to 64 HD Cameras:** Manages simultaneous streaming from multiple cameras without frame drops.
- **Rotational Vibration (RV) Sensors:** Maintains performance in multi-bay systems for flexible scalability.
- **Efficient Power Consumption:** Lowers heat emissions and enhances drive reliability.
- **Seagate Health Management:** Easy monitoring of drive health for proactive maintenance.
- **1 Million Hours MTBF:** High mean time between failures for exceptional reliability.
- **3-Year Warranty:** Comprehensive coverage for peace of mind.

#### Product Specifications

Weight	kg
Brand	Seagate
Device-type	Hard Drive
Storage	2TB
