

INT-25-0002

Intratone 25-0002: Prepaid Audio Data Plan (15 Years Unlimited Call Data for 1-User)

Description

The Intratone 25-0002 is a convenient and long-term prepaid audio data plan, providing an impressive 15 years of unlimited call data for a single user on an Intratone system. This license enables comprehensive real-time management of your access control unit via the secure [Intratone Web Portal](#), eliminating the need for recurring data subscriptions.

Key Features:

- **15 Years Unlimited Call Data:** Provides a generous 15-year prepaid period with no limits on audio call data, offering exceptional long-term value and peace of mind.
- **Single-User License:** Designed for one nameplate with a push button, making it suitable for individual apartment units, offices, or single-residence gate entry systems.
- **Intratone Web Portal Access:** Grants full access to the intuitive online management platform for remote administration.
