

STEALTH300ZLDC

STEALTH300ZLDC: Double Covered ZL Set for Slim Maglocks

**Description**

The STEALTH300ZLDC is an architectural-grade double covered ZL set designed specifically for slim maglocks installed on inward-opening doors. This bracket set offers the most aesthetic and professional finish possible, concealing all wiring and fixing points for a truly clean installation. Its fully adjustable Z bracket ensures precise alignment of the armature plate with the maglock, guaranteeing a secure and reliable lock every time. With a stealth black finish and a fire-rated certification, the STEALTH300ZLDC combines superior aesthetics with robust performance and safety.

**Technical Specifications:**
