STEALTH05 Series: Slim Monitored Double Mini-Maglock with Optional Door Status

Description

The STEALTH05 series offers a compact and secure double maglock solution for double doors, providing a reliable monitored locking mechanism with two powerful 600lb (275kg) holding force slim maglocks. These slimline, stealth black maglocks are ideal for indoor applications where aesthetics and functionality are equally important. Available in two variations, the STEALTH 05 Series provides essential lock status monitoring, while the STEALTH 05DS adds the critical function of door position monitoring.
