

STEALTH500ZL

STEALTH500ZL: Adjustable & Fire-Rated ZL Bracket Set for Standard Maglocks

Description

The STEALTH500ZL is an adjustable Z & L bracket set designed for the secure and professional installation of standard magnetic locks (typically 1200lb). This bracket is specifically tailored for inward-opening doors and is finished in a sleek stealth black colour, ensuring a cohesive and aesthetically pleasing installation. Its fire-rated construction and precise adjustability make it a reliable choice for a wide variety of access control applications.
