

XPR-XP-K-VP

XPR XP-K Series: Multi Tech Keypad Reader with QR, Bluetooth and Multi-Frequency Options

Description

The XPR XP-K Series represents a versatile line of multi-technology keypads, designed to provide layered security with combined card, PIN, and mobile access options. Built in a robust surface-mount (wallswitch) form factor, these keypads are compatible with virtually all access control systems via Wiegand, RS-485, or OSDP protocols. The series offers exceptional flexibility, allowing users to choose the right combination of access technologies for any environment.
