

EAT-PAN-400WE-KPZ

Scantronic PAN-400WE-KPZ: Grade 3 400-Zone Hybrid Control Panel with Prox Key Pad

Description

The Scantronic PAN-400WE-KPZ is the flagship of the Scantronic line, representing a high-performance, high-capacity hybrid intrusion panel designed for the largest and most complex installations. This unit is uniquely capable of supporting up to 400 zones and can be configured to meet the stringent requirements of EN 50131 Security Grade 2 or 3. Supplied with a wired KPZ keypad featuring a proximity reader, the panel is built around four expansion buses for maximum reliability and scalability. With built-in Ethernet, it provides complimentary access to the Eaton SecureConnect cloud service for professional remote management.
