

EAT-KEY-K01

Scantronic KEY-K01: Grade 3 Wired Surface Mounted Keypad for Intruder System

Description

The Scantronic KEY-K01 is a foundational wired keypad designed for reliable and secure control within EN 50131 Grade 3 intruder alarm systems. As a core component, this keypad provides essential system interaction, status display, and dedicated emergency functions, connecting simply and securely via the panel's communication bus. It is an ideal, high-security user interface for environments where proximity access or local zone expansion is not required.
