EAT-KEY-EP
Scantronic KEY-EP: Grade 3 Proximity Reader for Internal or External Use

Description

The Scantronic KEY-EP is a compact, high-security proximity reader designed for versatile installation in both indoor and outdoor environments. Certified to EN 50131 Grade 3, this robust device provides a secure and convenient method for setting and unsetting Eaton / Scantronic intrusion systems using proximity tags. Its durable construction and small footprint make it an ideal solution for access points where a traditional keypad is either unnecessary or impractical due to environmental conditions.
