

EAT-DET-2R-GB

Scantronic DET-2R-GB: Wireless Glass Break Acoustic Detector – Grade 2

Description

The Scantronic DET-2R-GB is a high-performance wireless acoustic glass break detector designed to provide early warning of forced entry through windows. Utilizing advanced acoustic technology, this detector listens for the specific sound frequencies associated with the shattering of glass, triggering an alarm before or immediately upon the breach. As a Grade 2 device, it offers a secure and efficient wireless perimeter protection solution for residential and commercial environments.
