

AES-603-AB

AES 603-AB: Wireless Single Button Intercom Kit For Gate and Door Access

Description

The AES 603-AB is a streamlined, single-button wireless audio intercom system designed for simple, reliable gate and door communication. Offering an exceptional 400-meter open field range, this architectural kit removes the complexity and cost of trenching cables, providing clear audio to a portable internal handset.

Key Details:

- Up to 400 metres open field range
- Working range of 200 metres through 1 exterior concrete, brick or stone wall
- Up to 4 handsets / indoor units per system
- Voicemail feature to record missed callers at your door or gate (playback from handset)
- Intercall between handsets
