

AMT-SC-200-S31

Alarmtech MC 200-S31: Plastic Snap-in Flange

### Description

The Alarmtech MC 200-S31 is a specialised plastic adapter designed to facilitate the professional installation of recessed magnetic contacts into non-magnetic door and window frames. This versatile flange is specifically engineered for use with the [MC 240](#) series and several other Alarmtech models, providing a secure "snap-in" fit. By allowing the contact and magnet to be screwed directly into the flange, it enables precise adjustment of the operating gap, ensuring reliable system performance even in frames with varying thickness.

### Technical Specifications

- **Product Name:** Alarmtech MC 200-S31 Snap-in Flange
- **Material:** Plastic
- **Drill Diameter:** 19 mm
- **Supported Frame Thickness:** 1 mm and 1.5 mm
- **Dimensions (L x Ø):** 20 mm x 23 mm
- **Weight:** 8 g
- **Colour:** White (Standard)
